Hotel Sofabed Upgrade

Your new sofabed comes with a domestic specification 3 fold sofabed action as standard. This action is perfect for occasional sleepovers by guests.

For more regular use, or if a more robust bed is needed, we offer an upgrade to a 2 fold hotel grade sofabed action.

This upgrade has the benefit of both a much stronger metal frame and also a deeper 10cm mattress.

Please note choosing this option will mean that the total depth of your sofa will increase by 20cm, so you need to ensure that this will fit in your room.

Bolt on Arms

If access is an issue we can provide virtually all our sofas with bolt on arms. The arms can be removed and attached easily allowing them to fit through narrow doorways and passages. Ideal for lofts, apartments and studios.

Arm Caps

You can add arm caps to match your new sofa bed.

Made from the same fabric that the sofa bed is manufactured from they will help prolong the life of your new sofa bed.

Should you have a spill your sofa bed is protected and the arm caps are removable for easy cleaning.

Shown is the Chesterfield In Balmoral Sky fabric with matching arm caps.

Storage Footstool

Storage footstools are available as either a small or a large model and is made in the same fabric as your choice of sofa bed.

Wider Bed Upgrade

Our sofas come with a sleep area that is the same size as a small double bed as standard (188cm x 119cm). Upgrade to a standard double bed size (188cm x 139cm). This upgrade will also have the benefit of increasing the width of the seating area by approximately 20cm. Please note it will increase the Total Width of your sofa bed by 20cm, so you need to ensure that this will fit in your room.
